 Official Paper for County of Nye and Town of Tonopah

A DEAD CENTER.

Mr. Lloyd George says the league of nations has made a good start and is only at the beginning of its career. If the anties of the league at Geneva are only the beginning, the world has no desire to see any further progression.

WOODROW'S WAY.

Recently an elevator was installed in the presidential yacht Mayflower in the belief that Mr. Wilson might make use of it. The cost of installation was \$16,000. Mr. Wilson never stepped inside it. It is now being removed at a probable cost of another \$16,000. This is one of the minor items of expense that the retiring administration has loaded upon the country.

WELCOME, BOTH WAYS.

The runaway Russians in Paris solemnly protest against any more armed intervention by the allied powers to overthrow the soviet regime, but say they favor the fomenting of internal revolt against it. There can be no objection to that plan, if the neutrality laws be observed. And as for the protest, it's entirely safe, as any more forcible meddling with Russia is the last thing any real statesman thinks advisable. So the latest idea of the runaway Russians, who failed either to lead or drive their people, is welcome, both ways.

HARDING'S IDEA.

A recent estimate in the senate placed the cost of the inauguration at \$1,000,000. Or that sum the citizens of the District of Columbia were to raise about \$200,000 and congress was to appropriate about \$1,000,000. The balance represented the cost to various states in transporting troops for the big parade, and the expenditures of thousands of civilians who were planning to attend the ceremonies from all parts of the country. By a stroke of the pen President-elect Harding has saved the people that huge sum and demonstrated once more how close to his heart he holds their welfare.

RIGHT YOU ARE, TINO.

King Tino of Greece is quoted by an Athens dispatch as mournfully remarking: "There seems to be little hope that Americans will aid financially."

Right you are, Tino. Concurrently it is noted that representative organizations of citizens of Greek extraction throughout the country are reproaching the conduct of their friends and relatives in the old home land in calling back Tino and reminding them that Hellas is a veritable democracy.

As for Americans generally, they feel that their past contributions to the tin-plate trust have done quite enough, and too much for parasites of Prussianism. How long Tino will last is uncertain, but it's already evident that "Uneasy lies the head that wears a tin-plate crown."

COME ACROSS, JOHN.

An estimate of the wealth of foreign nations, prepared by the New York State Savings Bank association, values Great Britain at \$230,000,000,000, an increase of \$100,000,000,000 since 1914. This gain is partly represented by the added wealth of the Mesopotamian oil fields and the African territory taken from Germany. American gain in the same time is put at \$50,000,000,000. There seems to be no valid reason why Great Britain should not give early attention to that little debt of \$4,200,000,000 which she owes the United States, or to the annual interest of \$200,000,000, which she professes inability to pay, or to the back interest of about \$300,000,000, which she did not see fit to meet when due.

"FLASH" MADIGASS NOTRE DAME COACH

(By Associated Press)
 OAKLAND, Cal., Jan. 19.—Appointment of Edward P. "Flash" Madigass, former Notre Dame football star, as coach at St. Mary's college here, has met with the approval of a large number of the college graduates, who have wired and mailed congratulations on the selection. When the St. Mary's team was defeated at football 127-0 by the University of California last season, the graduates requested that the team be withdrawn from competition.

Jewish tradition is that Cain was slain by his son Enoch.

HONORS TO BE WON IN COMING CONTEST

(By Associated Press)
 CORVALLIS, Ore., Jan. 19.—Honors in intercollegiate swimming contests are expected to be won this spring by the Oregon Agricultural college swimming team, which will include three champions, Lewis E. Kuehn, Clarence Pinkston and Locke Webster. Kuehn and Pinkston won events at the Antwerp games last summer.

"Dick" Rutherford, who formerly had charge of the municipal tanks of St. Louis, has been engaged to coach the Aggies' swimming team. Rutherford is considered an expert swimmer.

Construction of a new tank on the O. A. U. campus here will be finished in March. It is expected the tank will be 50 by 100 feet, with white tiling on the sides and bottom.

OREGON SWIMMERS ARE GETTING INTO FORM

(By Associated Press)
 PORTLAND, Ore., Jan. 19.—Oregon swimmers are getting into form for a series of meets to be held in Portland tanks and on the Columbia and Willamette rivers this summer. The big event of the spring season will be the national fancy diving championship tournament to be held at the Multnomah Amateur Athletic club tank here soon.

300,000 POLES ARE LIVING IN RUSSIA

(By Associated Press)
 WARSAW, Jan. 19.—Government officials have estimated that there are more than 300,000 Poles in Russia and plans are being formulated for their repatriation. Owing to the heavy expense of this task, the Polish ministry for foreign affairs has appealed to the population for contributions to help in defraying the cost to the government.

The zebra's legs have no warts.
 Acacia plants abound in tannin.
